

EXTRAS

Mandon Productions has some very nice extras that you may want to consider adding to your particular package.

Available for playing during the cocktail hour on several monitors or as part of the main reception on a wide screen, this is a 10 to 15 minute photo montage set to music. A copy of the finished presentation on a personalized CD is included.

Additional Copies:

Mandon Productions is pleased to be able to offer you the ability to affordably get extra copies of your finished video in either DVD or VHS in a personalized case as well.

Professionalism:

With the improvements in the graphics tools for the PC and by bringing a qualified artist into the company, professional custom graphics are now incorporated into the finished tapes with no additional charge. Photos can be "edited", too.

Internet:

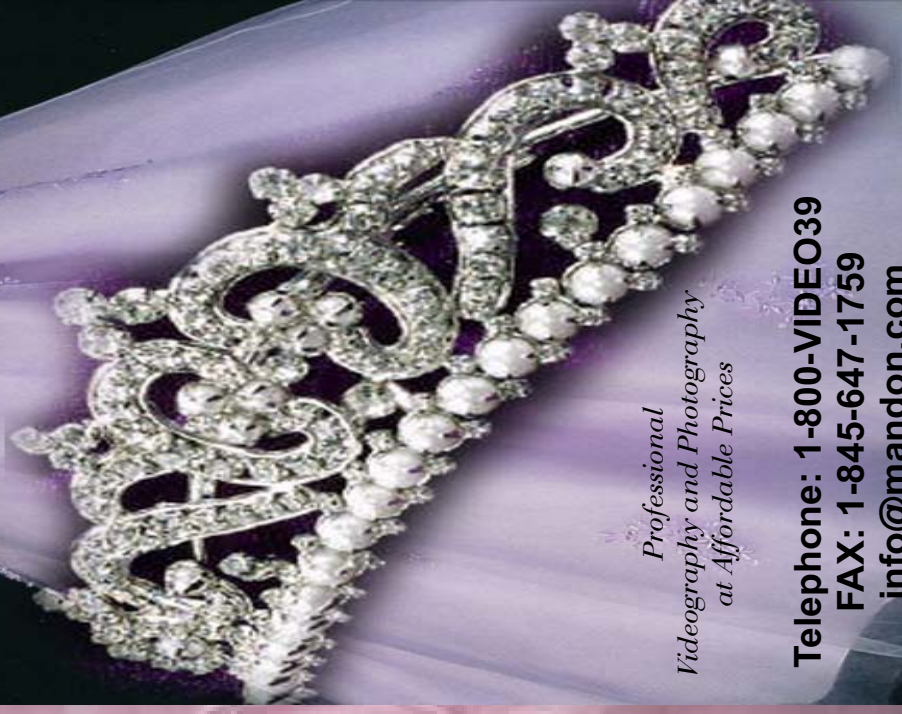

The advent of the Internet allows Mandon Productions to be in the forefront once again. Having opened a web page back in early 1996 and using it for a successful marketing tool. We also offer a way for you to show your photos of the event on the website: www.mandon.com for family and friends to view and order.

Appropriate Attire:

Based upon the event, Mandon Productions personnel come dressed appropriately. Regardless, all events are taped in a low key manner yet capture all highlights.
